Ian Miller
(417) 908-7165

indmiller@gmail.com

A Software Developer with soft-skills honed from experience in various leadership and training positions. I have a love of writing code, a knack for design, and the ability to effectively communicate in any setting. Excited for the opportunity to fit into a role offering possibilities for continued professional and personal growth.

Strengths and Technical Competencies

Responsive Web Design	UI / UX
HTML & CSS	Self-Learning
JavaScript & React	Management & Leadership
Styled-Components	Problem Solving
Unity, C#	Git, GitHub, VSCode
